Learning Objectives

You’ll be able to:

Examine various project delivery systems and contracting methods.

Review the new 2017 AIA architect and contractor agreements.

Explain AIA A201-2017 general conditions of the contract for construction.

Discuss AIA terms that are most often negotiated by owner and contractor.

Continuing Education Credits

Professional Engineers

7.0 PDHs

Architects

7.0 HSW Continuing Ed. Hours

7.0 AIA HSW Learning Units

Contractors

Non-Credit Continuing Ed.
Faculty

Thomas J. Madigan
Shareholder with Buchanan Ingersoll & Rooney, PC, in Pittsburgh
Mr. Madigan is a construction lawyer with more than 30 years of experience and leads the firm’s Construction Practice Group. He represents general contractors, construction managers, engineers, and owners, as well as manufacturers and suppliers of systems, products and materials utilized in construction. Mr. Madigan is experienced in all aspects of construction law from the negotiation of contracts to project counseling and the prosecution and defense of claims. He has extensive knowledge of all types of project delivery systems, including traditional design-build, design-build, EPC, DBOM, and public-private partnerships. Mr. Madigan has litigated construction and design defect claims, delay and disruption claims and payment claims arising from public and private projects in jurisdictions across the United States.

Robert L. Burns, Jr.
Shareholder with Buchanan Ingersoll & Rooney, PC, in Pittsburgh
Mr. Burns is a member of the firm’s Energy & Environment sector and focuses his practice on environmental law and its intersection with construction, commercial transactions, litigation, manufacturing, waste and natural resource issues. In his construction practice, he provides counsel regarding the financing and development of construction projects; regarding related construction, design and architectural agreements; and concerning the purchase, construction and development of brownfields and ‘green’ buildings. Mr. Group has represented clients as diverse as a public company regarding its construction of a ‘green’ office high-rise; a contractor who designs, constructs and leases staging, lighting, and other effects for concert tours; and a group of companies contracting for a multiyear cleanup of a Superfund site. He holds two engineering degrees and is certified as an accredited professional under the LEED (Leadership in Energy and Environmental Design) standard issued by the U.S. Green Building Council.

Julian E. Neiser
Member with Spinson Thomas & Battle, PLLC, in Pittsburgh
Mr. Neiser is a commercial and construction lawyer at the firm. He has extensive experience in litigation, contract negotiations, and alternative dispute resolution. His practice includes representation of owners, general contractors, and architects on projects of all sizes. Mr. Neiser also is a mediator and serves as outside general counsel to corporations. Mr. Neiser is a regular contributor to national publications on construction-related topics. He is a member of the American Bar Association’s Construction Law Section and is a veteran of the Allegheny County Bar Association’s Construction Law Section.

Jordan M. Webster
Counsel with Buchanan Ingersoll & Rooney, PC, in Pittsburgh
Mr. Webster is a litigator with experience in a wide variety of commercial disputes, though much of his practice involves representing clients in the construction industry. Mr. Webster is an accomplished trial attorney with trial experience in state and federal courts, bench and jury trials, preliminary injunction hearings, and private arbitrations. He advises his construction industry clients, which include owners, design professionals, contractors, and subcontractors, at all stages of a construction project. Mr. Webster has handled disputes for clients in the construction industry involving alleged design defects, professional negligence, delay and disruption claims, unforeseen conditions, property damage, and catastrophic injury. He is a member of the American Bar Association’s Forum on Construction Law and the Allegheny County Bar Association’s Construction Law Section.

Continuing Education Credit Information

This seminar is open to the public and offers 7.0 PDHs to professional engineers and 7.0 continuing education hours to architects in all states, except Florida architects. Educators and courses for Pennsylvania engineers are not subject to pre-approval.

This seminar is approved by the American Institute of Architects for 7.0 HSW Learning Units (Sponsor No. J883). Full attendance can be reported to the AIA/EES.

HalfMoon Education is deemed an approved architect continuing education sponsor in New York. HalfMoon Education is an approved continuing education sponsor for engineers in Florida, Indiana, Maryland, New Jersey (Approval No. 246PD00007000), New York (NYSED Sponser No. 35), North Carolina, and North Dakota.

This program offers a non-credit continuing education opportunity to construction contractors. It has not been submitted to any state contractor licensing entity for continuing education approval.

Attendance will be monitored, and attendance certificates will be available after the seminar for most individuals who complete the entire event. Attendance certificates not available at the seminar will be mailed to participants within fifteen business days.

Additional Learning

Webinar Series

Pedestrians and Bicycle Transport Planning
• Introduction to Current Conditions and Trends in Biking and Walking
Thurs., June 21, 2018, 11:00 AM - 12:30 PM CDT

• Engineering and Infrastructure: Design for Walkability and Bikeability
Thurs., June 21, 2018, 1:00 - 2:30 PM CDT

• Developing a Walking and Biking Plan, Part I
Fri., June 22, 2018, 1:00 AM - 2:00 PM CDT

• Developing a Walking and Biking Plan, Part II
Fri., June 22, 2018, 1:00 - 2:30 PM CDT
