Faculty

Gregory H. Nail, PhD, PE Associate Professor, University of Tennessee at Martin

Dr. Nail is an associate professor in the Engineering Department at the University of Tennessee at Martin where he teaches a variety of courses including fluid mechanics, hydraulics and hydrology, and hydraulic and hydrologic modeling. He holds a professional engineer’s license based on having passed both the Civil and Mechanical discipline-specific exams. HalfMoon Education is an approved continuing education provider for Florida professional engineers (Provider No. 0004647). This course qualifies for 6.5 Area of Practice continuing education hours.

The Association of State Floodplain Managers has approved this seminar for 6.5 CECs for certified floodplain managers.

Continuing education is not mandatory for geologist license maintenance in Florida. This course will qualify for geologist PDHs in other states.

Attendance will be monitored and reported, as required. Attendance certificates will be available after the seminar for most individuals who complete the entire event. Attendance certificates not available at the seminar will be mailed to participants within fifteen business days.

Attendees wishing for hands-on HEC-RAS experience can do so by participating in the two live demonstrations during the afternoon session. This is entirely optional, but those wishing to do so should download and install HEC-RAS 5.0.3 on your laptop before arriving at the seminar (<http://www.hec.usace.army.mil/software/hec-ras/downloads.aspx>). All HEC-RAS files used by the presenter during the live demonstrations will be distributed to attendees on a DVD, prior to the start of the seminar. No internet connection or licensing is required to run HEC-RAS, once it is installed. Participation in the live HEC-RAS demonstrations is the choice of the attendees, and is not required.
