Learning Objectives

You’ll be able to:

Understand contract “legalese” as well as necessary elements of any contract.

Examine common grounds for professional liability claims.

Learn how to recognize and respond to insurance claims.

Discuss ethical issues related to the practice of engineering.

Review recent changes to stormwater permitting and water quality enforcement.
Gary Strong
Seyfarth Shaw LLP

Mr. Strong focuses his practice in the areas of construction litigation and professional malpractice defense including representation of design professionals, insurance brokers, real estate lawyers, and accountants in the State and Federal courts of New Jersey and New York. He has represented clients in suits brought by owners of clients in the construction arena, including project owners, developers, design professionals, general and prime contractors, and specialty trade contractors, in all phases of construction and commercial litigation.

Keith S. Gardella
Hoagland, Longo, Moran, Dunst & Doukas, LLP

Mr. Gardella is an associate in the firm's Real Estate practice group. He previously was a law clerk to the Honorable Thomas M. Moore, J.S.C. in the New Jersey Superior Court, Chancery Division, where he worked on commercial litigation matters, including breach of contract, mortgage and tax sale certificate foreclosures, and shareholder disputes while in law school. Mr. Gardella interned at the Notre Dame Clinical Law Program in Chicago, where he advised and drafted legal documents for small businesses and a nonprofit organization.

Steven Humphreys

Mr. Humphreys is an attorney with the law firm of Warren LLP, where he concentrates his practice on all aspects of environmental law and related counseling of businesses. He advises businesses on regulatory compliance and management of environmental risk matters arising under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the Federal Resource Conservation and Recovery Act (RCRA); the Clean Air Act; the Clean Water Act; and various other federal, state and local environmental laws, as well as the environmental aspects of business transactions.
