Learning Objectives

You’ll be able to:

Understand the relationship between accessibility requirements in the International Building Code (IBC) and the Americans with Disabilities Act (ADA) Standards.

Identify requirements for new construction and alterations.

Comply with accessibility standards for ramps, stairways, entrances and doors.

Review requirements for toilet rooms, showers, drinking fountains, kitchen facilities and assembly areas.

Analyze anticipated developments in accessibility standards.
Kristi J. Avalos 
President and CEO of Accessology Too, LLC

Ms. Avalos is president and CEO of Accessology Too, LLC, a firm dedicated to providing consulting services to building owners, architects, municipalities and company owners regarding compliance with state and federal disability laws. Ms. Avalos founded Accessology in 1990 after 12 years in the airline industry, where she played a crucial role in ensuring industry compliance with the Air Carrier Access Act (ACAA). Since then, Accessology has grown to provide not only state plan reviews and inspections, but also national and international consulting services.

Considered a true expert in her field, Ms. Avalos is also a sought-after witness for ADA/ACAA legal cases and has been named on more than 40 cases nationwide. Recognizing the value of educating others on the importance of removing attitudinal and architectural barriers, she proudly offers training on both federal and state accessibility standards throughout the US. She has been recognized by the American Bar Association, the National Association of State Attorneys General, the Federal Building Commissions, the Equal Employment Opportunity Commission, the United States Environmental Protection Agency, the United States Department of Justice, the National Academy of Sciences, and the United States General Accounting Office. Additionally, Ms. Avalos is a sought-after speaker for both conferences and seminars across the United States and internationally.
