Learning Objectives

You’ll be able to:

- Distinguish between different types of cost estimates and explain which type is best for the project owner and the project.
- Identify construction cost estimating resources and processes.
- Explain the role of the estimator as an identifier and mitigator of risk.
- Work as a member of a cost estimating group to estimate different components of a construction project.
- Learn processes to estimate costs for labor, equipment, overhead and profit.

Can’t Attend? Order the Manual and Audio from the Live Seminar as a Self-Study Package!

Audio recordings of this seminar are available for purchase starting at $269. See registration panel for more information and please refer to specific state licensing rules or certification requirements to determine if this learning method is eligible for continuing education credit.
**Faculty**

**Daniel Frondorf, CPE, CDT**

Mr. Frondorf owns and operates Cincinnati based-DG Frondorf and Associates LLC, a construction cost estimating consulting firm. He is a member of Consulting Estimators Round Table (CERT), ACE, and the American Society of Professional Estimators (ASPE). He has 22 years of service as a construction estimator, and has presented several seminars on estimating practices and ethical bidding topics to trade associations and at industry events.

Dan is also a past instructor of construction estimating at the University of Cincinnati and has guest lectured there and at Cincinnati State Technical and Community College. He has also written several articles on estimating related-topics in Estimating Today and Design Cost Data magazines.

Here’s what past attendees had to say about the program and presenter Dan Frondorf:

“Excellent presenter! Very knowledgeable with time for discussions. O/K to relevant real-world examples.” — Civil Engineer

“Great wealth of knowledge and proven experience.” — General Contractor Project Manager

“Presented the topic well.” — Architect

**Continuing Education Credit Information**

This seminar is open to the public and offers 6.5 HSW continuing education hours to architects and 6.5 PDHs to professional engineers in all states. Educators and courses for architects are not subject to preapproval in Vermont.

This seminar is approved by the American Institute of Architects Continuing Education System for 6.5 LU|HSW (Sponsor No. 1854). Only full attendance can be reported to the AIA/CES. Visit www.halfmoonevents.org for complete AIA/CES information under this course listing.

HalfMoon Education is an approved continuing education sponsor for engineers in Florida, Indiana, Louisiana, Maryland, New Jersey (Approval No. 26G0000700), New York, North Carolina, and North Dakota. HalfMoon Education is deemed an approved continuing education sponsor for New York engineers and architects.

This seminar offers a non-credit continuing education opportunity for contractors. It has not been approved by any state contractor licensing entity with a continuing education requirement.

Attendance will be monitored, and attendance certificates will be available after the seminar for most individuals who complete the entire event. Attendance certificates not available at the seminar will be mailed to participants within fifteen business days.

**Additional Learning**

**Webinar Series**

- Solar Photovoltaic: Project Design and Development
- National Electrical Code
- Dimensional Tolerance Analysis
- Solar Photovoltaic: Project Design and Development, Part II
- National Electrical Code, Part I
- National Electrical Code, Part II
- Dimensional Tolerance Analysis, Part I
- Dimensional Tolerance Analysis, Part II

**Special Inspections**

- Introduction to Chapter 17: Special Inspections
- Soils and Foundations
- Reinforced Concrete and Structural Steel
- Architectural Steel

**Component Tolerance Analysis**

- Introduction to Component Tolerance Analysis
- Dimensional Tolerance Analysis
- Application of Dimensional Tolerance Analysis

**National Electrical Code**

- National Electrical Code, Part I
- National Electrical Code, Part II
