Can’t Attend? Order the Manual and Audio from the Live Seminar as a Self-Study Package!
Audio recordings of this seminar are available for purchase starting at $269. See registration panel for more information and please refer to specific state licensing rules or certification requirements to determine if this learning method is eligible for continuing education credit.

Learning Objectives

You’ll be able to:
Discuss the challenges and opportunities for designers and contractors with existing building stock.
Review International Existing Building Code (IEBC) provisions and requirements for repairs and alterations to existing buildings.
Describe IEBC requirements for additions to existing buildings.
Explore IEBC provisions on change of occupancy.
Describe code compliance methods, including the prescriptive compliance method, the work area compliance method, and the performance compliance method.

Application of the 2018 International Existing Building Code

Madison, WI - Friday, December 13, 2019

Maintain and upgrade existing buildings
Review three methods for determining code compliance
Review requirements for repairs and alterations

Continuing Education Credits

Professional Engineers
7.0 PDHs

Architects
7.0 HSW Contact Hours
7.0 AIA LU|HSW

Wisconsin Commercial Building Inspector
7.0 Hours of Credit

International Code Council
7.0 CEUs (Building)
Greg Karow, C.B.O.
Mr. Karow is currently the building official of Winona, Minnesota. He has an extensive background in developing and presenting various types of building code and related seminars. Mr. Karow was previously a staff instructor with the International Code Council and with the State of Minnesota Codes and Standards Division. He has instructed in a Building Inspection Technology program at a local community college. Mr. Karow is a certified building official in Minnesota and holds ICC certifications as a Code Specialist, Certified Building Official, ICC Plans Examiner, ICC Building Inspector and ICC Building Code Specialist.

Additional Learning
