Wisconsin Water Laws and Regulations
Brookfield, WI - Wednesday, April 29, 2020

You’ll be able to:

Understand the history and scope of the Public Trust Doctrine, and its impact on surface water and groundwater rights.

Review surface water rights, including the impact of federal regulations of waters of the United States.

Comply with point source and non-point source regulations for industrial facilities, agriculture, and public and private sewer systems.

Discuss water quality compliance with respect to nitrate, phosphorus and chloride.

Explore stormwater management planning, including compliance with local ordinances on stormwater discharge.

Learning Objectives
Mr. Gallo assists clients on a broad range of environmental issues. He has dealt with cases involving wetland and waterway permitting, air permitting, hazardous waste compliance, insurance remediation cost cap coverage, and transactional issues. Additionally, Mr. Gallo has been successful in assisting owners and developers in working with him on numerous brownfield development projects. He has also assisted clients in obtaining state and federal brownfield grants, zero-interest loan funding and often insurance coverage for environmental cleanup.

Matthew J. Frank. Attorney with Murphy Desmond S.C. Attorney Frank’s practice focuses on environmental and energy law. He is also chair of the firm’s Business and Real Estate Practice Group. He provides experienced counsel to businesses, start-ups, municipalities, utilities, organizations and individuals working in a range of environmental and energy matters, helping clients successfully navigate regulatory and legal challenges. Mr. Frank is a former secretary of the Wisconsin Department of Natural Resources (DNR) and assistant attorney general with the Wisconsin Department of Justice (DJI). During his tenure as DNR’s secretary from 2007 through 2010, he oversaw the DNR’s regulatory and permitting programs, including air and water quality, waste and recycling, wetlands, groundwater, environmental cleanups and brownfield developments. Mr. Frank worked closely with businesses and communities on sustainability initiatives such as the Green Tier program and the Green Tier Legacy Communities Charter. He also worked closely on environmental and natural resource issues with officials in the Environmental Protection Agency, other federal agencies, states across the country, and Wisconsin tribal and local governments. Murphy Desmond has offices in Madison, Appleton, Janesville and Dodgeville.

Sean Frye. Attorney at Axley Brynelson Mr. Frye specializes in construction, environmental, and water law. While in law school, he worked as a legal research assistant with the Water Law and Policy Initiative at Marquette University Law School. There, he researched emerging legal and policy issues in water resource technology. Mr. Frye, also a licensed professional engineer, has several years of experience as a civil engineer in transportation, construction, and water resources engineering. His experience includes several completed projects as a construction project leader on a variety of transportation projects in the southeast Wisconsin region for the Wisconsin Department of Transportation. His hands-on field experience provides him an in-depth understanding of the clients he represents and challenges that they face in the environmental and construction industries. His academic background includes B.S. and M.S. degrees in Civil Engineering. He also served in the U.S. Army as a Chemical, Biological, Radiological and Nuclear (Haz-Mat) Operations Specialist in the 4th Infantry Division at Fort Hood, TX, which included two long-term deployments to Iraq and Kuwait.

Don P. Gallo. Partner at Axley Brynelson Mr. Gallo is a partner in Axley’s Environmental practice group. He has more than 28 years of legal experience and more than 40 years of experience specializing in environmental engineering. Mr. Gallo assists clients on a broad range of environmental issues. He has dealt with cases involving wetland and waterway permitting, air permitting, hazardous waste compliance.
