Learning Objectives

You'll be able to:

Understand the history and scope of the Public Trust Doctrine, and its impact on surface water and groundwater rights.

Review surface water rights, including the impact of federal regulations of waters of the United States.

Comply with point source and non-point source regulations for industrial facilities, agriculture, and public and private sewer systems.

Discuss water quality compliance with respect to nitrate, phosphorus and chloride.

Explore stormwater management planning, including compliance with local ordinances on stormwater discharge.
Faculty

Sean Frye  Attorney at Ayres, Ayres
Mr. Frye specializes in construction, environmental, and water law. While in law school, he worked as a legal research assistant with the Water Law and Policy Initiative at Marquette University Law School. There, he researched emerging legal and policy issues in water resources technology. Mr. Frye, also a licensed professional engineer, has several years of experience as a civil engineer in transportation, construction, and water resources engineering. His experience includes several completed projects as a construction project leader on a variety of transportation projects in the southeast Wisconsin region for the Wisconsin Department of Transportation. This hands-on work experience provides him an in-depth understanding of the clients he represents and challenges that they face in the environmental and construction industries. His academic background includes B.S. and M.S. degrees in Civil Engineering. He also served in the U.S. Army Corps of Engineers, Biological, Radiological, and Nuclear (Bi-Rad-Nu) Operations Specialist in the 4th Infantry Division at Fort Hood, TX, which included two long-term deployments to Iraq and Kuwait.

Don P. Gallo  Partner at Ayres, Ayres
Mr. Gallo is a partner in Ayres’s Environmental practice group. He has more than 28 years of experience including several completed projects as a construction project leader on a variety of transportation projects in the southeast Wisconsin region for the Wisconsin Department of Transportation. This hands-on work experience provides him an in-depth understanding of the clients he represents and challenges that they face in the environmental and construction industries. His academic background includes B.S. and M.S. degrees in Civil Engineering. He also served in the U.S. Army Corps of Engineers, Biological, Radiological, and Nuclear (Bi-Rad-Nu) Operations Specialist in the 4th Infantry Division at Fort Hood, TX, which included two long-term deployments to Iraq and Kuwait.

Matthew J. Frank  Attorney with Murphy Desmond S.C.
Attorney Frank’s practice focuses on environmental and energy law. He is also chair of the firm’s Business and Real Estate Practice Group. He provides experienced counsel to businesses, start-ups, municipalities, utilities, organizations and individuals with a wide range of environmental and energy matters, helping clients successfully navigate regulatory and legal challenges. Mr. Frank is a former secretary of the Wisconsin Department of Natural Resources (DNR) and assistant attorney general with the Wisconsin Department of Justice (DOJ). During his tenure as DNR secretary from 2007 through 2010, he oversaw the DNR’s regulatory and permitting programs, including air and water quality, waste and recycling, wetlands, groundwater, environmental clean-ups and brownfields restoration. Mr. Frank worked closely with businesses and communities on sustainability initiatives such as the Green Tier program and the Green Tier Legacy Communities Charter. He also worked closely on environmental and natural resource issues with officials in the Environmental Protection Agency, other federal agencies, states across the country, and Wisconsin tribal and local governments. Murphy Desmond has offices in Madison, Appleton, Janesville and Dodgeville.
